Have a flag story worth sharing?

A reason you fly?

A tradition you're keeping alive?

We'd love to hear it.

FreedomAndGlory.com/your-story

YOU'VE GOT A FLAG TO FLY.

Maybe it's for the school gymnasium before graduation. The courthouse that needs replacing after a rough winter. The new business that wants to look right from day one. The memorial that has to be perfect.

One year. Every flag.

If your flag fades, frays, or fails within a year, we make it right. That's new this year, and we're proud of it.

Every flag made in America.

Every flag we sell is made in America. That's American flags, state flags, custom flags. All of them. We care about the details: embroidered stars, reinforced stitching, colors that last.

Real people. Real answers.

Nylon or polyester? What size for a 25-foot pole? How do you display it properly at a memorial? Our Flag Pros have been answering these questions for 45 years. Call us. We'll help you get it right.

Free shipping on orders over \$100.

No surprises at checkout. Exclusions apply.

From Liz Morris

My father started this company in 1980 because he saw people struggling to find the right flag. Forty-five years later, that's still what we do.

I took over in 2019. The name on the building changed this year. But what matters hasn't changed. We're still here to help you find exactly what you need. And to stand behind it after you do. Thanks for trusting us with your flags.

Since 1980, we've helped schools, cities, and businesses find the right flag for the job. American-made. Call us and talk to a Flag Pro.

OUTDOOR U.S. FLAGS

EMBROIDERED

APPLIQUED

Embroidered & Appliqued Stars

Stars deserve to stand out. That's why all fifty of ours are embroidered with reinforced back-stitching on flags up to 12' x 18', and carefully appliquéd on larger sizes.

BRASS GROMMETS

ROPED HEADING

Brass Grommets & Roped Heading

A flag is only as strong as its connection to the pole. Flags up to 6' x 10' have solid brass grommets with canvas heading. Larger flags use roped heading with a galvanized thimble – built for the weight and wind load of big installations.

STANDARD FLY END

EXTREME FLY END

Fray-Resistant Stitching

Wind pulls hardest at the fly end. We use four rows of stitching on flags up to 6' x 10', and six rows on larger sizes. Interlocking stitches on every stripe. Our Extreme Reinforced flags feature reinforced stitching for heavy-use locations. This is what keeps the flag together.

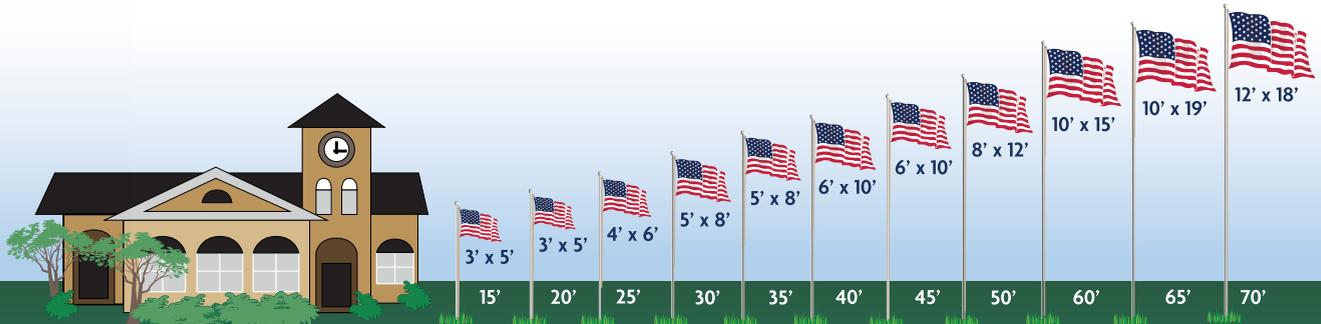

"The flag reminds me what the work is for."

Chief Phillip Nasser,
Orange County Rural Fire Department,
Hillsborough, NC

After a career of showing up on people's worst days, the flag still reminds him why it matters.

OUTDOOR PATRIARCH®

Polyester U.S. Flags

Built For Hard Wind. Proven in Harsh Weather.

The Patriarch® is made for places where the weather tests what you fly. Coast, mountains, open plains, anywhere the wind picks up. Heavyweight two-ply polyester stands up to it all without losing color or shape.

- ★ Heavyweight two-ply polyester for wind, sun, and rain
- ★ Rich texture with a traditional cotton look
- ★ Reinforced fly ends to resist fraying
- ★ **NEW: Patriarch® Extreme** — includes extra stitches for when the wind won't let up.

OUTDOOR BEACON®

Nylon U.S. Flags

Flies in Any Breeze. Dries Fast After Rain.

The Beacon® is our go-to flag for homes, schools, and businesses. Lightweight nylon catches even a gentle wind and holds its color through sun and weather. If you're not in a high-wind area, this is the flag.

- ★ Lightweight nylon that flies in light to moderate wind
- ★ Quick-drying, fade-resistant, mildew-resistant
- ★ Reinforced stitching and brass grommets
- ★ **NEW: Beacon® Extreme** — extra stitching for heavy-use locations

What is America250™?

Every town has a story. This is the year to tell it.

On July 4, 2026, America turns 250. That's 250 years of people showing up, building something, passing it on. From the signing of the Declaration to the flag your neighbor raises every morning. America250™ is a chance for every community to be part of that story. Your town hall. Your school. Your front porch. Small actions, adding up.

We're proud to carry officially licensed America250™ products, made in the U.S.A.
Symbols built here, meant to bring people together.

Official America250™ Flags

The official commemorative flag for America's 250th. Dark blue nylon or white poly-cotton, featuring the America250™ logo. Sizes from desk flags to 5' x 8' outdoor display. However you want to show up, there's a flag for it.

"They know someone flying a flag will answer."

Navy veteran JD Cunningham flies his flag 24/7. More than once, police have knocked on his door in the middle of the night, looking for help with a neighbor. They know what that flag means.

HISTORICAL FLAGS

The Flag Changed as the Country Changed.

Every version of the American flag tells a story. New states. New stars. Designs that marked moments we still remember. These flags connect us to the people who came before.

Bennington Flag

One of America's earliest flags, some say it was carried into battle in 1777. The '76' in the canton marks the year that started it all. Available in embroidered nylon or embroidered cotton.

Gadsden Flag

"Don't Tread on Me." The coiled rattlesnake has stood for independence since 1775. A flag for people who stand for something.

More Historical Flags

Culpeper. Navy Jack. Washington Cruisers. The 15-Stripe Flag that inspired the national anthem. We carry them all. New this year: Juneteenth Flag and Constitution Flag.

Flags of Change

Did you know that the Star-Spangled Banner had 15 stripes, not 13?

After a night of attacks, the 15-stripe flag still flew over Fort McHenry, inspiring the words that became our anthem. Welcome to Flags of Change, where we explore the stories behind the symbols that bring us together.

Need Replacement Parts?

Replacement parts are available online. Visit www.FreedomAndGlory.com/flagpoles-sets/accessories for more details.

FLASH TIP: We recommend using nylon or poly-cotton with our outrigger flagpoles. Polyester and cotton flags can be too heavy for the pole, especially when they get wet.

POW/MIA Flags

- Single-reverse flags read correctly on one side and show a mirror image on the back.
- Double-sided flags read correctly on both sides with two seals sewn to flag, with a thin layer of fabric between.
- Outdoor flags finished with canvas heading and solid brass grommets; indoor or parade flags are made of nylon and finished with pole hem and white fringe.
- Choose outdoor nylon or extra-tough polyester, covered by our one-year guarantee.
- **Patriarch**® polyester flags are extra-tough and stand up to high winds. Their appearance is textured and similar to cotton.
- **Beacon**® nylon flags are both lightweight and durable. This best all-around fabric dries quickly and flies beautifully, even in a gentle breeze.

FLAG FLYING ORDER

U.S. Flag	State Flag	POW/MIA	Army Flag	Marine Corps	Navy Flag	Air Force	Space Force	Coast Guard
01	02	03	04	05	06	07	08	09
When the American flag is flown on the same flagpole as an organization, state or city flag, the U.S. flag should always be placed at the top of the pole, in a position of honor.	When flown on the same flagpole, the state flag should always fly below the U.S. flag and be at least one size smaller. Flown on separate poles, the state flag should be flown to the right of the U.S. flag.	When flown on the same flagpole, the POW/MIA flag should always fly below the U.S. flag and be at least one size smaller. If the U.S. and state flags are on the same pole, the POW/MIA flag should be flown below the state flag.	The Army flag was first unveiled on June 14, 1956. The Army flag should be the first in order of precedence for U.S. Armed Services flags.	The Marine Corps flag was first adopted on January 18, 1939. The Marine Corps flag should be the second in order of precedence for U.S. Armed Services flags.	The Navy flag was formally introduced to the public on April 30, 1959. The Navy flag should be the third flag in order of precedence for U.S. Armed Services flags.	The Air Force flag was officially adopted on March 26, 1951. The Air Force flag should be the fourth flag in order of precedence for U.S. Armed Services flags.	The Space Force flag was unveiled on May 15, 2020. The Space Force flag should be the fifth flag in order of precedence for U.S. Armed Services flags.	The Coast Guard flag was officially adopted on January 28, 1964. The Coast Guard flag should be the sixth flag in order of precedence for U.S. Armed Services flags.

WITH THE FLAGS OF OTHER NATIONS: Each flag should be the same size and displayed at the same height. It is inappropriate to display one country's flag above another.

Flagpoles | Aluminum Internal Halyard

PROTECT YOUR FLAG FROM THEFT WITH AN INTERNAL HALYARD POLE

1 REVOLUTIONARY DESIGN

Concealed halyard and cleat doesn't break the tapered line of the aluminum flagpole

2 CLEAN LOOK

Beauty and clean lines of the enclosed halyard system eliminates rope clanging on the outside of the pole

3 TAMPER PROOF

Halyard runs inside of the pole to prevent flag theft and vandalism; lockable door limits access to the cleat

4 COLOR OPTIONS

Choose from Satin, Bronze, Black or Clear Anodized finish. See swatches on page 26

Please chat with us online at www.FreedomAndGlory.com for freight charges and delivery time frame.

* ABOVE-GROUND HEIGHT IS DEFINED AS THE DISTANCE FROM THE GROUND TO THE TOP OF THE BALL.

Product arrived in perfect condition and was easy to install. Bravo on moving away from the galvanized sleeve. The PVC sleeve is much more practical for installation and easy to remove if there is a change in location. - **Bill S., TN**

American-Made Fiberglass Flagpole

- Lightweight fiberglass flagpoles are suitable for windy areas
- Gel-coated fiberglass finish is corrosion-free and requires little maintenance
- Hinged-base flagpoles are an excellent choice for coastal locations

Hinged-base poles are easy to install and can be taken down without difficulty for servicing or before storms with high winds.

BEACON® *Custom*

Beacon® Custom Flags Offer Unlimited Color Choices

- Our most popular custom options
- Our state-of-the-art digital print process produces near photo-quality reproductions, shading and other fine detail on 200 denier nylon material.
- Outdoor flags are finished with heading and grommets; indoor flags are finished with pole hem and fringe.
- Double-sided flags are an excellent choice for parades; the design reads correctly on both sides.
- Double-sided construction will increase the weight of your flag and will require more wind to fly.
- Single-reverse will show a mirror image on the back.
- For custom sizes and pricing for quantities greater than shown, please call 800-628-3524 for assistance.

THE RIGHT MAT FOR EVERY JOB!

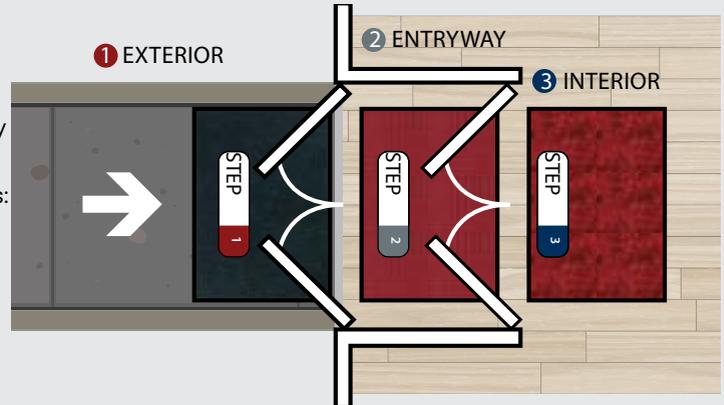

Preventative Maintenance

Entrance mats are the first line of defense to stop dirt and moisture from entering your building.

Mats are the most effective way to keep your building clean by stopping dirt and moisture at the door.

Here's how we have defined each mat's purpose in 1-2-3 steps:

- STEP 1 Exterior: Scraper Mats**
- STEP 2 Entryway: Scraper/Wiper Mats**
- STEP 3 INTERIOR: Wiper Mats**

SuperScrape™ Impressions Custom Mats

Looking to Save Money?

To receive quantity pricing, each custom design will need to be the same size and have the same logo, colors and text.

BANNER MATERIALS:

18 oz. Premium Heavy-Duty Vinyl

- Our most popular
- Recommended for light to moderate wind areas

Main Street

- Acrylic-coated polyester material
- Recommended for high wind areas

12 oz. Mesh

- Strong, double-sided vinyl mesh printed with vibrant UV resistant inks
- Excellent for high wind areas

Eye-Catching Digitally Printed Outdoor Custom Street Banners

- Cutting-edge digital printing technology captures the finest detail and ensures that banners read correctly on both sides
- 18 oz. vinyl, 12 oz. mesh and Main Street banners feature sewn seams and pole sleeves finished with grommets
- 18 oz. vinyl and 12 oz. mesh banners are printed with UV-resistant inks to slow fading
- Unique design of the mesh street banner allows the air to flow through your banner which eases tension on your hardware
- Main Street and 12 oz. mesh banners are intended for use in high wind areas, while featuring the same print quality as vinyl
